

Certificate Of Experience

I, the undersigned, authorized representative of Lemay Wastewater Treatment Plant, St. Louis Missouri, representing the same, do hereby certify that Envirex Inc. (now known as US Filter/Envirex) was contracted in January of 1989 to design, manufacture, and put into service the cited equipment presently in operation at our facility.

The equipment that was furnished by Envirex consists of the following:

- 1 Thirty-two (32) Primary Chain & Scraper Clarifier Mechanisms measuring 81.6 meters (268 feet) by 6.1 meters (20 feet) installed in eight tanks.

The system was designed for the following conditions:

Flow	Normal:	469000 m ³ /d (124 MGD)
	Maximum:	908000 m ³ /d (240 MGD)

The equipment was placed in service in July of 1989, and has performed in accordance with the design conditions through the present date.
