

CERTIFICATE OF PERFORMANCE

TO WHOMSOEVER IT MAY CONCERN

This is to Certify that M/s Geofluid Processors (P) Ltd Mumbai has provided us with the following solutions for Contaminant removal which is working effectively.

The Coke Oven BOD Plant ETP is an integral part of Tata Steel Kalinganagar plant and presently Geofluid (Calgon make) is supplying product grade DSR C, 8x30 is used for reduction of Colour, COD, TOC, Cyanide and Phenol. The product is working satisfactorily in our plant for both, reduction of contaminant load and extended service life. DSR C, 8x30 (Bituminous Coal based re-agglomerated GAC) is giving service life of 2.5 months against locally supplied Coconut shell carbon service life of 2 – 3 days, as per plant report.

We wish M/s Geofluid Processors (P) Ltd and its Team All the Best.

Regards,

R. K. Singh
